Look how easy it is!

After completing the easy online registration form, hit SUBMIT to print out your personal registration barcode. Bring this barcode with you to the fair and start visiting college and university tables. College representatives will have a barcode scanner to securely capture the registration information you provided online, saving you *both* a lot of time and effort. No need to fill out cards with the same information at every table you visit. Instead, **provide your information once online**, and spend your time at fairs talking to admission representatives and learning about their schools.
